Scar

[image]

just so you know c/f means color of fur

You were and apprentice so for example if somecat calls you, you have your main name and paw, like Blackpaw

m/n main name

No cat liked you, no one knew why they just didn't.

You were an apprentice, your c/f shining as the sun rose. You watched as a battle was happening between Riverclan and Thunderclan. You were hiding in the grass so you wouldn't get caught. The battle was over and Shadowclan won. Just as you were aking your way back to Thunderclan, you sensed something behind you and it wasn't good. It was much bigger than you.

You looked behind you, you saw a huge cat pounce on you. It was a black and white cat. It all happened so fast, you decide to run away. You finally lost him. And you went back to camp. As you walked into the entrance of the clan, everyone stared at you, they didn't like you, you knew. At least you had one friend, her name was Wildpaw.

"Hey m/n paw! Over here"

You walked over there.

" Meeoww geez what happened?"

" What do you mean"

" Your face it has a huge scar!"

" WHAT!!!!!? REALLY!?"

" How did that happened"

You suddenly remembered that huge cat pounced on you.

" Oh well you see I- I sneaked out because i was watching a battle between Riverclan and Shadowclan, then a huge black and white cat attacked me."

" Man you should visit Yellowfang about this."

" Whoah no way I- I Im fine r-really.

Before she coul reply to you, you went off.

Sneaking out

You looked around watching if any cat would see you. Just as you were about to go off wildcat saw you.
"OH HEY M/N PAW THERE YOU ARE"
You rolled you eyes and looked behind you.
"Hey wildpaw" you said with a fake smile.
"Where you going?" She said curiously.
You looked at the exit of the camp.
"Uh n-nowhere"
"You sure about th-"
"Y-you know the um elders told me to tell you to go and hunt"
"But I alre-"
"Well they want more"
"Okay?" And Wildpaw leaped off.
"Whew"
You ran to the exit of the camp and snuck out.
"Man they must have an easy life, lucky they always get loved" you said and you were watching a nearby home. You sighed and looked down at your paws.
"W-who are you?"
You looked up and saw that kittypet you were watching.
"I-I'm....."
You stopped in your tracks.
"Who are you?"
"Oh" the kittypet said I'm Ari"
"Ari" you repeated
"Let me ask you a question"
"Sure anything" she said.
"How is it being a kitty-"
You didn't get to finish because Wildpaw leaped out of nowhere.
"M/N PAW!!!!! I HAVE EXITING NE-"
She stared at me, looked at Ari and back at me again.
"W-who is this kittypet?"
"Her name is Ari"
"Why are you hanging out with a kittypet? Come on Bluestar is going to give us our warrior names"

She bit my ear and dragged
Me to camp.

Warrior Name

(Y/W/N)- your warrior name
✖□✖□✖□✖□✖□✖□✖□✖□✖□✖□✖□
You walked into the camp alongside with Wildpaw. Everycat was staring at you. You felt embarrassed.
"Come" said Bluestar.
You both walked up to her.
ಠ ಠ ಠ Time-skip ಠ ಠ ಠ ಠ ಠ ಠ
"Hello (Y/W/N)"
"Oh hey" you reply
"What are you up to?"
"Oh nothing much, it's getting late you should go to sleep"
"What about you?"
"Oh I-I'll be there"
"Well okay!" Wildpaw walked away
ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ ಠ
You crept by the grass, trying to sneak out and finishing our talk with Ari.
You leaped out of the entrance to the camp. You walked to Ari's house. You jumped on the fence and you saw inside the windows. Ari saw you and let her owner know she wanted to go outside.
"Hey Ari"
"Oh hi what are you doing here"
"Well I just wanted to finish our talk"
"Oh ok well we better hurry cause it's late and I have to go"
"Ok well anyways how does it feel to be a kittypet?"
"Well just like simple, owners do everything for you, you just have to let them know. It's a pretty easy life."
"Gee well now I kinda wish I was a kittypet, never thought I'll actually say that"
gasp "I have an idea you could come with us, my owner is looking for another cat"
"Wow really!? Well I'll let you know tomorrow. bye Ari"
"Good bye see you tomorrow I guess"
"Yeah"

You ran back camp.

You'll be back

[image]

"Hey Wildheart" you said, your voice cracking up. "I have to umm well I-well I have to tell you s-something"
"Yeah anything (Y/W/N)"
"Well you see *sigh* I snuck out yesterday to talk to Ari"
"Yeah what about her?"
"I am gonna go to be a....."
"A.....?"
"A kittypet"
"WHAT!!!!!!!!!!??????? WOW SLOW YOU ROLL THERE. WHY DO YOU WANT TO BE A KITTYPET??"
"Because their life is just so easy" Wildheart was shocked.
She frowned at me.
"Fine go live with kittypets then."
"Why are you acting like this I thought friends were supposed to cheer you on"
"Well yes but not for this" she turned away.
"Why are you so mad?"
"Because of my father."
"What about him?"
"He left to go be a kittypet."
"Look if it bothers you, I won't go"
"No no just go you'll be back anyways" she walked away
"Goodbye to you to"

Sorry Wildheart

You turned back.
"Don't look back"
You darted out of the camp. That's right your just gonna leave without telling Bluestar or anycat except Wildheart. You Walked to Ari's place. Jumped on a fence and looked inside. Ari saw you.
"Hey Ari"
"Hey uhh you never told me your name"
"Oh it's (Y/W/N)"
"Oh ok, so have you decided to stay with us?"
"Yes I have and I'm gon-"
You turned around.
There in the distance you saw Wildheart, she was looking at you waiting for an answer.
"So are you?"
"hm? Oh yeah I-I'm gonna stay."
"Yay!!!!!! Wait here brb"
You turned around to see if Wildheart was there and she wasn't.
You turned back around and saw Wildheart right there in front of you
"So you're really gonna go?"
I-I uhh y-yeah"
She walked away.
"I'm sorry" you whisper.
You saw Ari come back.
"Well what are you waiting for? Come on!"
You walked in and said hello to your new life.

Kittypet life

You jumped over the fence, into the backyard. A twoleg came out. You backed away. Ari pushed you forward and mewed. You looked up at the twoleg.
"Her name is Emily." Ari said.
Emily picked you up, you were scared so SCRATCH. Emily dropped you.
"OW!" Emily shrieked.
"(Y/W/N)!!!!!!" Ari hissed at you.
"What?. well sorry just a reflex from being in the wild."
"Hmm bet you're afraid of humans huh kitty?" Emily replied.
Emily reached out her hand to touch me, this time you let her.
"There ya go see?, come go inside."
You stepped in, looked around. You saw something tall and gray and it was big. Emily opened the gray thing and got a water in a bottle thing. You soon learned it was called a refrigerator. Emily opened a can with a picture of a cat on it. She dumped the whole thing in a bowl and set it down. Ari got close to it.
"No Ari you already ate" she shoved Ari out of the way.
You got close to the bowl sniffed it, whatever it was it smelled good. You took a piece and ate it, man was it good. You wolfed it down and drank some water.
"Wow you were hungry weren't you, wait you need a name I know I will call you (k/p/n)
A/N JUST A LITTLE NOTE (k/p/n) MEANS KITTY PET NAME.
Noon came and you spent all day exploring your new home, you liked this thing and it was called a scratching post.
"Tomorrow will not be a good day for you." Ari said
"Why not?"
"Because you are going to the vet, and vet days are never good, the only good part is well nothing is the good part"
Ari turned to look at you but you were gone.
"(k/p/n)?"
Ari found you, you were hiding under the couch.
"Come out (k/p/n)"
"No"

"Why not?"
"Because I'm going to the vet"
"Oh come on it's not that bad....."
"Your lying"
"Oh come on just face it and be happy it's gonna get over with so stop whining."
Just then you saw a feather, you stared at it waiting for the right moment then you POUNCED on it. At first you got it but it slipped away. Ari was in on the action too. We were both trying to get the mysterious feather.
Emily stood up and said that it was sleep time. You walked outside getting ready for the night. You gathered leaves on the ground and made a little nest to sleep in.
"W-what are doing..?" Ari asked just staring at you.
"I'm making a nest for the night."
"Oh no no we don't sleep outside like-like ANIMALS!!!!"
You stared at her in confusion.
"We sleep inside come on (k/p/n)"
You followed Ari inside. Emily came out again with a cat bed, it wasn't new though. Emily sighed.
"This used to be my old cat's bed Tigerstar" she said as she was dusting it off.
"Who's Tigerstar?" You asked Ari.
"Ah yes Tigerstar" Ari said, she jumped on a little perch and looked out the window.
"Tigerstar was my best friend, he was almost like a brother to me until I fell in love with him..."
FLASHBACK
Ari: "Tigerstar I-I have to tell you something"
Tigerstar: "Yes Ari?"
Ari: I-I l-love you"
Tigerstar: "I-I'm sorry Ari but you are like sister to me"
Ari: Tigerstar I-I thought you loved me back."
Tears rolled down Ari's cheek.
Tigerstar: "s-sorry"
END OF FLASHBACK
"What happened to him?"
"Well when Emily came back from shopping Tigerstar burst out of the door, I don't what got into him"
"Then what?"

"Emily ran outside to try and get him, to make sure I wouldn't run out Emily shut the door. I ran to the window and looked outside" Ari's voice was getting shaky. "Tigerstar ran into the street and a car hit him, but when the car was gone, so was his body" Ari paused for a while "I just wish he.... I just wish he would have.....would have.."
"Liked you?" I replied
"Yea"
"Who wouldn't like you I mean your so pretty Ari your a Maine Coon, your so beautiful"
"Aw thanks, well it's getting late we should go to sleep"
"Ok"
You thought about everything Tigerstar said and did. Then you thought: if Tigerstar's body wasn't there then could he still be alive? Did he manage to escape somehow? With all those thoughts you fell asleep.

The vet

[image]

" Get up get up get up get up get up!!!!!" Ari shouted in your ear. You jumped up.
"Ah what is it Ari?"
"Bet ya didn't remember you had to go to the vet!!!"
Your eyes opened wide at the word vet. You ran out of bed and went to go hide under the couch. Emily entered the room.
"Yes. yes. okay, okay thanks."
Emily hung up on this thing she had on her ear it was called a phone.
"(k/p/n)! Where are you?"
Ari pointed at your direction to shoe that you were hiding there.
"There you are (k/p/n)"
Emily grabbed your paws and pulled you out. You wanted to scratch but you knew you couldn't. Then Emily put me in this cage thing and we drove off. Emily then took out the cage and into a building. You read the big letter on the top P-E-T SM-ART. It read Pet Smart.
Emily placed the cage on a table and unlocked the mini door. You wouldn't get out, you were clearly scared. But the doctor put her hand inside the cage, petted me and slowly took you out. You looked around the office. You were standing on a silver Table. You learned the doctors name was Dr. Brown.
"Okay we need to give you a shot well 2 shots actually, one is for Rabies." Dr. Brown explained
She took out 2 needles, they looked scary, you shivered. she put the needle close to you, put it inside your skin and pushed the handle or something on it. She did this another time, it really didn't hurt.

Dizzy

SORRY THIS IS GONNA BE A SHORT CHAPTER ITS NIGHTTIME AND I JUST REALLY WANNA DO THIS CHAPTER

"(k/p/n)"
You woke up, it was Ari calling you.
"How did I get here so fast?" You asked.
"No time to answer that, how do you feel?"
"I'm fine don't worry about me"
You stood up, but you fell Down. You were confused. Your vision was blurry and shaky. You stood up again confident this time and you took a few steps but you fell down.
"Ari why is everything spinning?"
"Nothing is spinning you just feel a little dizzy from the shots they gave you."
You felt sleepy, very sleepy. You didn't want to sleep though, you wanted to play, play with Ari and that feather.
"Is there an earthquake or something because I'm pretty sure everything is spi-"
You didn't finish your question because right there you collapsed and fell asleep.

What is the dark forest?

You were walking outside sniffing stuff. You jumped on the fence looking at the forest, where you once lived.
"What are you doing?" Ari asked as she walked outside.
"Are you trying to run away?"
"What no why would I do that?" Your voice shaky.
"Oh ok then" Ari replied unsure.
You looked back at the forest. You saw the bushes rumbling. You saw a cat running out. It was Wildheart. She came running.
"Wildheart? What are you doing here?"
"Well I just came to tell you some news you know."
"Like gossip?" Ari asked jumping on the fence.
"I don't know what gossip is...."
"Anyways (y/w/n)"
"Who's (y/w/n)" Ari asked.
"That was my old name when I lived back in the forest"
Ari nodded.
"So anyways guess what? You know Antpelt from Windclan right?"
"Yeah"
"He joined The Dark Forest"
"What's the dark forest?" Ari asked
"It's where cats who committed a crime to their clan go"
"So that's what it is"

Dream

You've been thinking lately about Tigerstar. You dont think he died, his body wasn't there so he must have escaped somehow. But where did he go?

"Ari?"

"Yes (k/p/n)?"

"I don't think Tigerstar died"

"He did, remember he got hit by a car"

"Yeah but his body wasn't there, he must have escaped somehow"

Ari laughed "Maybe it got stuck on the wheel" Ari burst out laughing.

"Im serious Ari!"

"Well i dont care about him now, after he rejected me"

"Oh come on, i know you have a soft spot for him somewhere"

"I dont!! i hate him!"

"Sure ya do"

Ari attacked me playfully. When both of you got tired of playing, you guys took a nap. And you dreamed, about Tigerstar.

IN THE DREAM

_____

You were in a white place, you looked around.
"Where am I?" You asked even though nobody was there.
"You are in a dream" A voice said.
"And this is a message from Starclan."

"Starclan....." You said.
"You have been wondering so much about Tigerstar."
"I have a question. Why is Starclan still watching over me?" You asked.
"About Tigerstar, yes he is still alive. He went to the dark forest."

You woke up. Ari was already up playing with a feather. Ari saw you.
"It's about time. I was getting hungry."
Emily saw you wake up.
"Come on guys, dinner time."
You and Ari went to the kitchen and ate.
"Ari I know where Tigerstar went, he's not dead. He went to the dark forest."
"Really? I mean I don't care!" Ari looked away.
You walked away.

Your Leaving?

You liked your life but sometimes it was just boring. I mean you wanted to do something not just sleep all day like Ari. You decided to leave.
"Ari I have something important to tell you."
Ari woke up from her catnap.
"Yes? What is it?"
"Well I have decided to leave"
When you said that Ari really woke up.
"WHAT!!????. YOURE LEAVING!???"
"Y-yeah"
"And what are planning to do when you leave huh?"
You thought about it.
"I'm going to go look for Tigerstar"

"You just dont get it do you? Hes dead!"

"No he isnt. My dreams told me he isnt"

You looked at Ari then looked outside. You started heading outside. Ari followed you. When you got outside, you jumped over the fence and started heading back to Thunderclan.

Back To Thunderclan

As you were walking to Thunderclan, Ari caught up with you.

"uh where are you going?"

"Im going with you, I have decided to join you on your journey."

"But you cant come into Thunderclan territory."

"Oh I could care less about the clan I want to find Tigerstar."

"Well I might stay there a few days."

"Fine then I'll join your clan thingy."

"It's not that easy Ari. It will take some time to get you in. hmm how about we sneak you in?"

"Whatever just as long as we get to find Tigerstar."
"Kay great! You stay here I'll be right back"
You walked into the camp and hoped nobody saw you. You hid in the grass looking for Wildheart. You spotted her. You went out and playfully tackled her but pinned her on the ground.
"Hey Wildheart"
"(Y/W/N)? You're back?!"
"Well kinda. But hey just be happy I'm here!"
"Oh I thought you would never return it's been a long time."
"I know right!"
"Wait why are you back?"
"Yea about that I'm not gonna stay for long I came back to ask a favor from you"
You got off Wildheart.
"Ok tell me"
"I need you to ask Bluestar where the dark forest is."
"What? Why?"
"Just go please"
"Okay fine"

You saw Wildheart walking away. You hoped she will be back soon. After a while Wildheart came back.
"Well where is it?"
"Well you see she wouldn't tell me, She told me if I had a good reason why she would tell me."
You were disappointed. You just stood there there thinking. Finally you got an idea.
"I know, Wildheart please go tell Bluestar to meet you at the Thunderpath in the night, and no I'm not going to kill her."
"I don't know, can I trust you?"
"Oh come on Wildheart I would never do that"
"Well ok then I'll go tell Bluestar."

The Thunderpath

You and Ari spent the day hunting, well you were hunting Ari didn't know how. Night came and you were heading to the Thunderpath. You saw Bluestar and Wildheart already there. Bluestar saw you walking towards her, confused.
"Where have you been (Y/W/N)?"
"Being a kittypet, but that's not the point I need to ask you something."
"Make if fast."
"Where is The Dark Forest?"
"If you really want to know, then follow me."
You were confused, you thought Bluestar was going to ask you tons of questions. You quickly followed Bluestar. You were walking for the longest time and after what seemed like 3 moons, you arrived.
"Walk a little more in there", Bluestar pointed with her tail, to what seemed like the end of the world. It was dark. "You will see a cave where the dark forest cats make their homes. And be careful, don't get killed."
"Gee thanks", You replied. You looked at Ari. She stared at the eternal darkness in front of her.
"Well I better get going, the clan will worry about me", Bluestar started walking back to camp, Wildheart followed.
"Ready?", you asked Ari.
Ari took a huge gulp and answered no.
"Okay let's go", You said. You started walking into the darkness. Ari followed.
"You don't even know where your going!", hissed Ari.
"No, but Bluestar said just walk forwards and you'll spot a cave."
"How are we supposed to know where the cave is if we're blind!", hissed Ari.
The darkness was so dark even a cat can't see it. You looked ahead and you saw a small speckle of light. You and Ari dashed forward. You came upon a clearing in what looked a normal camp. You saw a few cats walking around. Puddles of blood were everywhere and the high rock was made of bones, some still had flesh and fur on them while bleeding. [These are killer cats] you thought. No cat has

noticed you yet until Ari squealed a little. When that happened the whole clan turned to to look at the two of you.

The Dark Forest

You decided to stay hidden behind the bushes. Ari copied your movement. You looked through the bushes into the camp. Some cats were dozing off, some were sharing tounges.

"Its just like a normal clan", you thought to yourself. You looked up at the high rock. There was a huge tabby cat, with terrible scars.

"Tigerstar....', Ari said shocked. "He's alive.....", she said.

You silenced Ari with a flick of your tail. You looked over t her, she was staring at Tigerstar with a smiling expression.

"Your alive!", Ari said while bursting into the clearing.

"Are you crazy?!", you hissed and you ran to her.

You felt panic and aggresion in the air. The few cats who lived there were staring at you and Ari. The cats gathered around you with angry eyes.

Tigerstar perked up and jumped off the high rock and stood in front of you and Ari.

"What do we have here?", Tigerstar smirked while licking his paw. You looked at Tigerstar with fear.

"Tigerstar! Remember me?", Ari burst out before you could say anything.

Tigerstar stared at Ari with a blank face. Ari swayed her tail and padded closer to Tigerstar. Tigerstar backed away a bit.

"It's me! Ari!", Ari said with excitement.

Tigerstar stared at her, he looked as if he had a flashback. "Ari", he repeated. Tigerstar looked over to you. He padded closer to you and stared at you for a bit. "And you are..?", he said with a bit of

agression in his voice.

"I-Im Y/W/N", you said.

"What are you Mouse-brains doing here!", he hissed. He flicked his tail and the other cats got ready to fight.

"We're very sorry for intruding Tigerstar. A-Ari here wanted to speak to you.", you said, your voice shaking.

Tigerstar mumbled something you couldn't hear. He stared at the ground for a bit. He padded into his den signaling Ari to come. Ari followed, she didn't look scared or worried at all. You looked around, all the cats were now minding their own business. You decided to wait for Ari so you padded out of the camp behind the bushes where you were hiding in.
